| Installation

1. To open the enclosure, sliding the side cover

2. Sliding tray out after you unlock the side cover

3. Insert SATA drive to the SATA connector on plastic tray, apply the foam pad on top and end of the SATA drive if necessary, it is recommended to apply the foam pad on 7mm thickness SATA drive.

4. Lock the tray after SATA drive installed

5. Connect the USB cable to enclosure and computer, you may need to format or assign a drive letter before using

| Safely Disconnect

Windows: Double-click on the Safely Remove icon in your Windows System Tray. This will launch the Safely Remove program. Then click on the device you wish to remove and click on the Stop button.

Mac: In Mac OS the drive appears as an icon on the desktop. Before unplugging the drive, it needs to be dismounted by dragging the drive to the Trash Can, once the activity light has gone out, you can safely remove the drive.

| Warranty

This product includes one (1) year repair/replacement warranty provide by Simplecom Australia. This warranty is non-transferable and is limited to the original purchaser.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
